

Holiday Season Light Up: Get Involved Oxford!

Let's come together as a community, decorate our homes and businesses, and get out and spread holiday joy despite COVID-19!!

We won't be having a parade, but that doesn't have to keep us from celebrating and infusing Oxford with Holiday Spirit.

The Town of Oxford ***Holiday Season Light Up*** will take place at ***6 p.m. Friday, December 4***, with special events happening at ***Wild Blueberry Corner*** (more about that later).

We want you to get involved!

Let's work together to make the 2020 Holiday Season in Oxford the best-decorated ever!! *

Get out the lights; get out the pine boughs and the baubles; volunteer to help your neighbour decorate.

Got more decorations than you can use? Share them or donate them to the Sunset Thrift Store for others to use.

What a great way to spend family time: working together to decorate your property, then strolling (or driving) throughout the community to enjoy the sights.

No lights? That's OK- light up our hearts with your decorations, your good deeds, friendly greetings and broad smiles (behind those masks)!

The ***Holiday Season Light Up*** is just the beginning.

Watch for upcoming details on the Town's ***Shop and Stroll*** campaign, and **Bargain Bonanza** (December 5). Community organizations are working on some exciting events too.

The Town will be putting out a **December Calendar and Newsletter** the last week in November. **Deadline to submit your December event is November 16.**

*The Municipality of Cumberland is working on a map of decorated properties and are happy to include those in Oxford. If you'd like to be on this map, email your street address to the Town's Community Economic Development Office no later than November 30: rpatriquin@oxfordns.ca, (subject line: We Decorated!)
