

## Town of Oxford Notice of Intent

### SOLID WASTE BYLAW AMENDMENT

Notice is hereby given that Oxford Town Council intends to amend the Solid Waste Bylaw for the Town of Oxford.

The purpose of the amendment is to implement dual stream recycling. With the destruction of the recycling facility at Cumberland Joint Services Management Authority – Little Forks site, all participating municipal units are being asked to move to a two-stream recycling system so that recyclable materials can be processed at other processing sites in Nova Scotia while the new recycling facility is being designed and constructed. Two stream recycling will also improve efficiency at the sorting site and improve the marketability of sorted recyclable materials.

Council intends to consider second reading of the Bylaw amendment at the regular Council meeting scheduled for Tuesday May 22<sup>nd</sup> at 6:00 p.m..

Copies of the proposed Bylaw may be inspected and/or a copy obtained at the office of the Town, 105 Lower Main Street, Oxford, during regular business hours, or on the Town of Oxford website, [www.town.oxford.ns.ca](http://www.town.oxford.ns.ca)

Kevin M. Matheson, CPA, CA  
Interim Town Clerk and Chief Administrative Officer
